

**SMALLEST SIZES**

FIT IN MORE APPLICATIONS

HIGH EFFICACY

155LM/W

DIMMING

1 -10V DIMMING

PRODUCT FEATURES

- High performance LED chips, allows 155lpw efficacy for unit lamp.
- Small & compact body size, allows for more applications, less headache for installation.
- E26, E39, EX39 base workable for full range.
- 1-10V dimming, most competitive solution.
- UL approved for enclosed applications.
- Wider LED board, better uniformity of light emission.
- Damp location

APPLICATIONS

Warehouse / Work Shop / Parking Garage / Super Market / Hotel
